Survivor Benefits Health Insurance

Effective September 13, 2013, a surviving beneficiary of an active member is eligible to select an annuity option and participate in the ASRS Group Health Insurance program.

This new provision will allow surviving beneficiaries and their dependents access to the variety of group health insurance plans available through the ASRS, including dental and other benefits.

This does not include, however, access to the ASRS Health Benefit Supplement, an additional payment made to qualifying retirees to help offset the cost of health insurance.
